

FISHER AND PAYKEL HEALTHCARE PRESENTS

GAME OF LOANS

ENGINEERING REVUE 2019

29th - 31st August
SKYCITY Theatre

DIRECTOR'S WELCOME

Your support means the world, welcome!

There's not enough space here to thank everyone who so deeply deserves it. Tonight, you see the results of countless hours of passion, work, and dedication. None of this is possible without the support of our sponsors, so let me start with a huge thank you to them. Thank you also to every extraordinary member of the cast and crew, your talent is boundless, it's an absolute privilege to work with you. In particular, I want to thank Aorthi, our producer. That we have a stage to put this show on is down to her, thanks for saving my ass time and time again. Finally, to you, the audience member. On behalf of all of us who so love Revue, thank you for being with us tonight. Your support powers us, and it's a pleasure to be with you tonight.

Even if the show hasn't started, we've already succeeded. Our team is over 100 strong. Through all the lengthy rehearsals, sprawling spreadsheets, broken cameras, and skipped lectures, we've built a team based on love and care of each other, a community where our talents and true selves can shine. I've never been as proud of anything as I am of this show, of this group.

Alright, enough of the soppy shit, let's have some fun. Get loud.
Welcome to Game of Loans!

ALEX KENNEDY - EXECUTIVE DIRECTOR

PRODUCER'S WELCOME

Welcome dear audience member and get ready to explore the crazy world we call The Engineering Revue! The journey to this point has been a rollercoaster - up and down with twists and turns, and an absolute blast the whole way.

The show would not be what it is without the terrific cast and crew that have been working away these past six weeks. Thank you all for your kindness, talent, hard work, patience, and most of all, friendship. To our wonderful exec team, thank you all for your hard work, lending your incredible skills wherever they're needed, and creating a fun and supportive atmosphere for everyone. The high quality show you see in front of you is a true testament to the tremendous work they have put in throughout this whole year, it's been an honour to work with you all. We would also not get very far without our Sponsors and supporters - Fisher and Paykel Healthcare, Marshall Day Acoustics, SkyCity, the Engineering Faculty, Sam Mence and Syrp. You all help our dreams, quite literally, come true and we are so grateful to have you along with us on this journey.

And finally, thank you to you, our lovely reader and audience member. A show is nothing without its audience and we appreciate you taking the time to come watch this thing we've poured our souls into. This show is a combination of passion, hard work and love from many wonderful people and we hope you all love it as much as much as we do.
